Finding common ground.

**Family Visitation Program
Child Pick up/Drop off Authorization**

I understand that I may designate individuals to drop off and pick up my child for visits or exchanges at the Family Visitation Program (FVP), as long as the court order or written agreement does not indicate otherwise. I understand that each individual must present their driver's license and that a copy will be made before picking up a child. I also understand that if I want someone who is not on this list to transport my child, I must let FVP staff know a minimum of 24 hours in advance. At any time, FVP may inform you that an individual you designate is no longer allowed on the premises.

The following individuals are authorized to pick-up/drop-off my child from FVP:

Name:	Phone:
Relationship to Child:	

Name:	Phone:
